THE CRONIN MURDER.

The Police at Work on the Mysterious Affair—The Funeral Will Occur Sunday.

CHICAGO, May 24.—It was discovered yesterday that a cottage near the residence of Patrick Sullivan, the ice man, was rented a little less than two months ago by unknown parties, who paid one month's rent in advance, but never, so far as known, took possession of the premises. This information was given to the police by Mrs. Sullivan, and the facts corroborated by the neighbors.

A reporter visited the owners of the cottage, a Mr. and Mrs. Carlson, two aged Swedes, but they refused to talk about it, saying they would tell their story to the police.

A young woman living at Mr. Sullivan's said that about three weeks ago one Sunday night she saw a light in the house, but as far as she knew no one has been seen there since. It is said that the parties who rented the place were two young men, evidently Irish workingmen, and that they said they were going to work for Mr. Sullivan. It is not improbable that the cottage was hired by the assassins of Dr. Cronin, and he was decoyed to it, murdered there and then the body taken away in the trunk.

WORKING ON THE CASE.

It has been learned that the two men that rented Carlson's cottage came there a few nights afterward and put down some carpets, but were never seen again about the place.

A son of the owners of the place is said to have admitted that he saw some blood stains in the house. A reporter to-day attempted to interview young Carlson. He had evidently been instructed to keep his mouth shut, but, after a good deal of beating about the bush, he practically admitted the facts as stated above.

The house is closely guarded and is only accessible to the police. The police believe that if they can get hold of the two young Irishmen who rented the house and then never tenanted, they will have made a long step toward solving the mystery.

While the catch basin, in which the body of Dr. Cronin was discovered, was being dragged by two reporters for the *Inter-Ocean*, yesterday afternoon, among other things found was the end of a finger, with the nail and a long piece of white skin attached. The nail is tapering, and well kept, and has the appearance of having come from the hand of a woman. The undertaker says it is not a finger nail from Dr. Cronin's hand.

The possibility that the English government, through its secret agents, may have had something to do with the Cronin mystery is not being lost sight of. Irish Americans, generally, with this thought in view, have been closely watching developments.

THE FUNERAL.

The friends of the murdered physician are busy preparing for the funeral, which will take place Sunday from the Cathedral of the Holy Name, State and Superior streets. The funeral promises to be an immense one, as all the numerous societies to which the doctor belonged, will probably participate.

WAS CRONIN AT TORONTO.

TORONTO, May 24.—Charley Long, the young man who claimed to have seen and interviewed Dr. Cronin in this city, was asked last night what he thought of the matter since the finding of the doctor's body. He still maintains the correctness of his story and says that when the time comes he will go to Chicago and vindicate his position. He claims to have had a three years' intimacy with Cronin and to have conversed with him. His theory is that after his visit to Toronto Cronin returned to Chicago and was murdered.

Ancient Mounds.

WATERLOO, Ia., May 24.—Professor Webster, of Charles City, who investigated the ancient mounds near that place a few weeks ago, has just finished opening five mounds near Bradford, in Chickasaw county. He found in them thirteen fairly well preserved skeletons. The skulls of all of them showed the same characteristics of low development that were shown by the skeletons found near Floyd. From his investigations Professor Webster is of the opinion that there was quite a population in the Upper Cedar valley in prehistoric times.

A Blighting Frost.

FINDLAY, Ohio, May 24.—A blighting frost prevails in this part of the state and is doing a great deal of damage to field and garden crops and severely injuring the fruit. Ice from a quarter to a half inch in thickness formed in water pools and it is feared that the growing crops and wheat cannot recover.

THE PRESBYTERIAN ASSEMBLY.

The Southern Assembly Favors Co-operation.

NEW YORK, May 24.—At the opening of the assembly the moderator announced an important telegram. It was from the southern assembly concerning the passage of the co-operation report by a vote of 99 to 27.

The discussion upon the report which was under consideration when the assembly adjourned yesterday, was then continued. The majority report of the committee was finally adopted. The report of the standing committee on church erection was then presented and accepted. The estimates for the coming year are $150,000.

LEFT THE COUNTRY,

And Over One Hundred Depositors Are Clamoring for Their Money.

NEW YORK, May 25.—Over one hundred Hungarians and Poles who had deposited their savings for years with banker Max Goldburger, who, it is alleged disappeared from his office at 163 Ridge street, two weeks ago, with some $20,000 of their money, crowded round the door of the bank this morning, clamoring for admittance. The doors were bolted from the inside, and no admittance could be gained. It is believed that Goldburger has either fled to Canada or Hungary.

A HORRIBLE FIND.

The Body of a Little Boy Found by Students.

ITHACA, N. Y., May 24.—This morning, while the oarsman, Charles E. Courtney, was coaching the Cornell university eight, he discovered a human body fast in the mud at the bottom of Cayuga inlet. The body was recovered and proved to be the remains of Willie Letts, aged nine, who has been missing since Wednesday. This is the third body recovered by Courtney.

THE FLAMES' WORK.

Big Fires at Sioux City, New York and Elsewhere.

SIOUX CITY, Iowa, May 24.—Three large lard tanks at Booge packing houses were burned yesterday morning. Loss, $25,000.

NEW YORK, May 24.—The Tidewater Oil company's plant at Constable Hook, N. B., with the greater part of its contents, was burned last night, entailing a loss of between $80,000 and $85,000. The fire is said to have been caused by an electric spark from a dynamo in the pump house.

NORTH ADAMS, Mass., May 24.—The elegant residence of Col. John Bracewell, of Wall street, was damaged $15,000 by fire yesterday. The loss is fully covered by insurance.

IN BLACK AND WHITE.

The Mayor Pens His Orders to the Police Officers—Gambling and Other Vices Condemned.

Mayor Harding has issued written orders to Chief of Police Diehl and to Marshal Franke, instructing them as to his wishes.

He reiterates his position on the liquor laws, orders all forms of gambling suppressed, and inveighs against prostitution. He empowers the officers to invade places of vice without delay or ceremony, while street walkers and people who harber them and permit them to resort public places are classed as severe offenders.

The mayor appends his signature to the documents and says that he will personally see to it that his pronunciamento is enforced to the letter.

"I was down street last night," said the mayor, "and everything was orderly. The people have come to understand that they must observe the law and are doing it cheerfully."

The police officers yesterday warned the gamblers to close the gaming houses and it is said that they all complied with the request, some of them, in fact, have been closed since the new mayor went into office.

Heretofore gamblers have been fined and permitted to go on payment of $20 or so. The law says they must be imprisoned as well as fined, and the new mayor will give offenders the full benefit. He also announces that he will destroy and burn all gambling paraphernalia when arrests are made, and under such circumstances the business would hardly pay.

The sporting fraternity are preparing to seek pastures new, and several have already kissed this favored sod a sad farewell.

Judge O'Rourke to-day divorced Lola M. Pryor from Clifford Pryor.

Russell, the unionist, who persuaded Mr. Olphert to arbitrate in regard to the rental disputes, may thank himself for the havoc he has wrought.

MADRID, May 24.—The appearance of Minister Martos in the chamber of deputies last evening, caused an unroarous scene, the liberals cheering and the ministerialists expressing disapproval, on account of his action on Wednesday in voting against the bill to increase the duties on foreign cereals. PROSECUTOR ROBINSON.

He Submits His Position and Opinion on the Sabbath Laws and Privileges.

The question of Sabbath observance and Sabbath laws is now uppermost in the minds of the people.

In this interview Mr. J. M. Robinson, the states attorney, gives his version of the points at issue and outlines the necessities of life.

He says:

The law in reference to Sabbath desecration contains some exceptions, works of charity and necessity are included. By necessity is not meant an absolute or physical necessity, but a moral fitness or propriety. In my judgment a milkman may lawfully deliver milk to those who must have it on Sunday. He could not peddle it on the street all day probably, but could deliver to customers who as a necessity must have it. An iceman has the same right as a milkman and is subject to the same restrictions. There cannot be an indiscriminate delivery to every one but may be to regular customers and others who must of necessity have it. A delivery of ice to be used in making ice cream on Sunday would, I believe, be a violation of the law. A sale of fresh meat by a butcher to one who has not the means of preserving the same from Saturday, I think, would not be an infringement of the law. But the necessity, defined as a moral fitness of things, must exist. A shop kept open for a general sale of all meats to all persons would come within the rule of Sabbath breaking. Also if the shop is kept open longer than a time reasonably sufficient to accommodate those who, to have fresh meat on Sunday, must purchase it then, it would be a violation. Each sale depends upon the facts and circumstances connected with and surrounding it, and the question whether it would be a violation or otherwise, would depend upon the fact whether it was morally fit and proper that the sale should be made. In winter time a sale of fresh meat could not be made on the Sabbath. If there are people who have not the means to have refrigerators and procure ice a sale to them at a reasonable hour on Sunday would be proper and not subject the seller to a penalty if it is shown that the article could not otherwise be preserved over the day. The street cars have a right to run on Sunday to carry to funerals, to church, to visit the sick and friends and the rule as to them is that they will not be held to inquire as to the purposes or destination of each one riding, making the rule almost unlimited and subjecting them to a penalty only for conveying persons for an open or palpably secular purpose. The same rule applies to the keepers of livery stables.

A Serious Runaway Accident.

Late yesterday afternoon Mr. and Mrs. Gibson, who live several miles from the city, were returning to their home on the Decatur road. The horse they were driving became frightened and ran at a fearful rate for nearly a half mile, and when near the toll gate the buggy was overturned and both occupants thrown into the road.

When picked up both Mr. and Mrs. Gibson were found to be very seriously injured. They were taken to the home of Mr. Jacob Failor, near by, and Dr. Van Buskirk summoned, who attended their injuries.

The Weather.

WASHINGTON, May 24.—Indiana—Threatening weather and rain, westerly winds, warmer Friday; cooler on Saturday.

AN OKLAHOMA RIOT!

Serious Trouble at Guthrie Over Disputed Land Titles and the Military is Called on to Quell the Disturbance.

GUTHRIE, I. T., May 24.—The difficulty arising from the settlement of claims in this city culminated yesterday in a serious riot. There are altogether over 1,000 disputed claims. Yesterday the city government decided to make a test of the case of the dispute of two claimants to a piece of land. The names of the claimants are, respectively, Driscoll and Diemer.

The marshal proceeded to remove Diemer from the land claimed by Driscoll, but on learning of the marshal's intention, a mob of about 1,200 assembled and drove him away. The mob was about to attack the city hall when Capt. Cavanaugh, with a detachment of troops, arrived on the scene and dispersed the rioters.

The authorities then proceeded to eject Diemer. He fought like a tiger and had to be dragged from his tent to the street. The building occupied by Driscoll was then pushed forward to the place occupied by the tent. The mob attempted to tear the house to pieces but were repulsed. Last night the military guarded the streets. More trouble is anticipated when the evictions are renewed.

Howard, for swindling that company out of $6,500, which is being held before Recorder Smythe, in parti general sessions, was continued to-day. Mr. Cottrill's testimony is principally a narrative of the history of the electric sugar tests and the formation of the company. The case is still on.

Theatrical Man Arrested.

NEW YORK, May 24.—Edward E. Rice, the well known theatrical manager, who was arrested yesterday for contempt of court in not paying attention to an order to appear for a referee for examination in a civil litigation, is still in Ludlow street jail. He will probably be brought before the court some time during the afternoon.

Woman Suffrage.

BOSTON, May 24.—In the house of representatives, this morning, the bill granting suffrage to women on liquor license questions was referred to the next legislature after a hot debate. Then, by a vote of 54 to 95, the house refused to reconsider this action, thus killing the matter for this year.

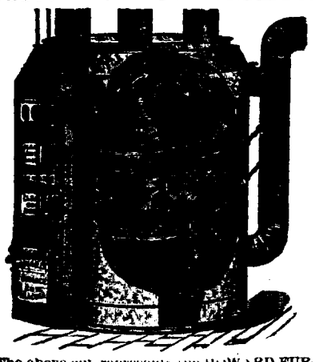
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER,

FRIDAY, MAY 24, 1889.

PRESIDENT HARRISON has remitted the fine and costs in the case of Sim Coy and the Indianapolis politician will issue from prison June 2.

PARNELL has a pretty tedious time of it trying to prove his innocence before a prejudiced Tory tribunal. They want a conviction or nothing.

THE Association of Indiana Funeral Directors have formed a trust to increase the price of coffins. People can spite them by postponing their funeral.

THE murder of Dr. Cronin is the sensation of the day. No pains or expense should be spared in bringing the perpetrators of the foul deed to a speedy judgment.

PPESIDENT HARRISON has arranged his working hours so that he will now be able to make appointments with greater rapidity. This was rendered necessary by the discovery of a new relative.

MAYOR SCOTT, of Laporte, Ind., has notified the saloons that they must close promptly at 11 o'clock at night and must also keep their places closed on Sunday according to the ordinance.

THE Masonic grand lodge of Indiana meets at Indianapolis next Tuesday. The members of the Masonic Veteran association will hold their annual meeting and banquet on Wednesday evening.

MR. CARNEGIE'S iron works in Pennsylvania are guarded by the police to aid the monopolist's efforts to reduce the wages of his workmen. What a beautiful tariff lesson there is in this incident.

HON. FREEMAN KELLY drove to Waterloo last Monday with a load of potatoes, and finding poor sale, he generously "unloaded them to such persons as were in need, without money and without price."

THE Presbyterian general assembly has appropriated $875,000 for home missionary work this year. They must have heard of the fellows who get angry at newspapers that simply ask for an honest enforcement of the laws.

DECORATION day is fast approaching and every effort should be made for a successful observance in this city. The day is one which should receive proper reverence not only from the G. A. R. posts but from citizens generally.

THE Ohio republicans will hold their convention at Columbus, June 26th, to place in nomination a state ticket, while the democrats will hold their convention for the same purpose at Dayton the 27th and 28th of June. The people of Indiana can look calmly on the battle.

THE cable yesterday announced that the City of Paris has broken her own record and all others, reaching Queenstown from New York in five days, twenty-three hours and eight minutes. This ocean racing will sink four or five hundred souls some day and then it will cease.

YOUNG Napoleon Ives is a free man again. He, with his partner Staynor, escaped conviction of the charge of swindling the stockholders of the Cincinnati, Hamilton and Dayton railroad company. The inquiry into the case revealed the fact that the stockholders of the railroad were not entirely innocent of shady practices themselves.

IN Wednesday's issue of THE SENTINEL a telegram from Cleveland, Ohio, was published which stated that Rev. Mrs. Ellen Runkle, of that place, was the first lady preacher ever authorized to perform the marriage ceremony. Rev. I. B. Grundy, of Indianapolis, in controverting this statement says: "In the denomination to which the writer belongs, for a quarter of a century they have had 'regularly ordained' woman ministers who have been solemnizing marriages for that length of time. There are to-day probably thirty or more ministers in the denomination who have solemnized marriages in this and many other states."

THE EAST YARDS.

The Sentinel Man Sends a Bright Budget of News From That Point.

The next national convention of the switchmen will be held in Columbus, Ohio, in September.

Tom Shea, of Hayden street, and formerly a brakeman on the main line, has gone to San Joaquin, Cal.

James Morris, the switchman, is on the sick list, and his smiling countenance is missed by the boys.

Sam Moore, who was running freight, has again been assigned the conductorship of the Portland accommodation.

The grass in the lawn surrounding the east yard office has been mowed and now presents a very genteel appearance.

Passenger Conductor Ed. Erickson and wife, have returned from Denver, Col., where Ed. was a delegate to a convention.

John Phipps, the east end conductor, is "checking up," discovered that a little little eight-and-three-quarter pound church had been added to the family circle.

Many of the men in the yards have formed an anti-tobacco chewing alliance and now may be seen masticating sweet-scented gum as a substitute for the filthy weed.

Wm. d'Mannor, the irrepressible, still leads all the boys as a society man. The way he can engage the attention of all the young ladies is appalling to his fellow associates.

Theo. Weaver, who has been braking for Conductor Sauer, on the Plymouth local, had his hand badly mashed and one of his fingers broken while in the act of coupling cars. "It was ever thus.

James Frost succeeded Amos Bowsher as watchman at the east yards, who was appointed transfer mail agent. It has been erroneously stated that Mr. Bowsher was a resident here for only three years. He has been located here for ten years.

It would hardly seem probable to THE SENTINEL readers, although it is a fact, that a class "S" or Jack engine consumes a ton of coal in pulling a freight train up Hadley hill, just west of the city. The firemen on these engines may well be called "hardy sons of toil."

This is the forty-fifth birthday anniversary of the telegraph. The first instrument used can now be seen in an office of the Western Union in New York city. Can any one conceive the state of affairs railroads would be in but for the aid of this subtile agent, electricity?

Harry Ertle, the pleasant switch tender, says he intends to take a vacation and go on a fishing trip. The exact nature of the piscatorial expedition has not been fully defined; however, it is presumed by his friends that he expects to make a catch with a noose of nuptial design attached to the line.

Notes for Publication.

Name: B. Clecker; residence, Elm street, Dallas, Texas; occupation, barber; statement April 10th, 1889: Had ulcerated sore throat several years; could not talk loud enough or plain enough to be understood by my wife and family. In the effort to drink water or coffee it would come out of my nose. My tonsils were eaten away by the ulcer. I took a great many remedies. Potash and mercury mixtures greatly impaired my digestion. I finally abandoned all other treatment and began Swift's Specific, and a few bottles cured me sound and well—voice recovered, health made good. This was several years ago, and have no sign of any return of the disease.

TWO BOTTLES.

Two bottles of Swift's Specific cured me of a bad condition of my blood, from which I had suffered for 18 months. I had blotches and sores which were painful and troublesome. S. S. S. is much better than potash and mercury mixtures, and I recommend it above all blood remedies.

Treatise on Blood and Skin Diseases mailed free.

THE SWIFT SPECIFIC Co., Drawer 3, Atlanta, Ga.

The literary societies of the Methodist college offer inviting programs to their visitors this evening.

The unexpected convalescence of the afflicted patient in the celebrated hydrophobia case, which Goldsmith so graphically describes, has never been understood. It is believed that the following revised version amply explains it:

Pond's Extract faithfully he used,
'Twas ever by his side,
So the man recovered of the bite,
The dog it was that died.

The disease of the dog was, of course, a not unnatural consequence of the restoration to his pristine vigor of the gentleman attacked.

In the Sidney courts it has been decided that no Sunday newspaper can sue for advertisements, the contract being illegal.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

EDITOR OF THE SENTINEL.—Please announce in the columns of your valuable paper that we are sole agents for St. Patrick's Pills, the most perfect cathartic and liver pills in the market. They not only physic, but cleanse the whole system; purify the blood and regulate the liver and bowels; they are vigorous but gentle in their action, and can always be depended upon. A HALF-BREED Sioux boy at the Hampton Institute philosophizes thus: "When I do anything white man don' like he call me 'Injun;' when I do anything Injun don' like he call me 'white man.' Then," he went on, "they say Injun don' know so much as white man; not so much sense. White boy he go to school six, seven, maybe ten years, he know good deal. Injun go to school three years; everybody think he ought to know as much as white boy. What that mean? That mean, I think, Injun great deal smarter than white boy!"

THE GENUINE
Johann Hoff's Malt Extract,
THE BEST NUTRITIVE TONIC
FOR
Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.
Yours respectfully,
W. W. LAMB, M. D.
Chief Drug Inspector

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THE NEWS OF A DAY.

Haps, Mishaps and Gossip as Seen Through the Spectacles of Our Railroad Reporter.

Julius Kooh, of the Pittsburg shops, is visiting friends at Lima, Ohio.

Will Shorey, of the Wabash baggage rooms, is an accomplished bicyclist.

The Bass foundry have employed twenty new men during the last week.

O. N. Strack, fireman on the Pittsburg road, is confined to his home with a serious illness.

The Bass works are doing some work for the Steam Shovel and Elevator works of Bucyrus, Ohio.

The Nickel Plate is taking large amounts of gravel from their South Whitley gravel pits.

The Bass works are doing considerable work in the way of castings for the Kerr Murray works.

The Freight Agents' association met yesterday afternoon, at the rooms of the Railroad Y. M. C. A.

Henry Gerdom, yardmaster at the Bass works, is being congratulated over the arrival of a handsome boy baby at his home.

Joseph Grothaus, who has been off duty on account of sickness, returned to work at the Pittsburg blacksmith shops this morning.

David L. Judy, of the Pittsburg machine shops, had his thumb mashed yesterday by a heavy elevator falling on it. He is off duty in consequence.

President J. H. Bass, of the Bass foundry and machine works, went to St. Louis last night, to look after the interests of his great works located in that city.

F. J. Greer, manager of the Fort Wayne Transfer company, who has been at Indianapolis as a delegate to the Odd Fellows' convention, returned home last evening.

The Pittsburg limited going east last night was crowded and a sleeping car was filled at this point with passengers from the Wabash, Grand Rapids roads and the city.

The Huntington *Democrat* says: "A. C. Nayler, formerly baggagemaster at the Wabash depot here, was in the city to-day. He went on to Fort Wayne, where he expects to take off his coat during the coming sultry summer days."

W. Y. Cherry, of the Pittsburg boiler shops, was injured yesterday at the works by a heavy piece of iron striking him in the lower part of the body. He was taken to his home and will be off duty for several days in consequence of his injuries.

The Toledo *Bee* remarks: "The creditors of the Mahoning road are feeling better than at any time since the affairs of the company became complicated. The attorneys are hard at work getting the claims in shape and it is thought the matter will be closed some time to-morrow."

E. A. Ford, the general passenger and ticket agent of all the lines of the Pennsylvania railroad company, will be in the city to-morrow to meet all the passenger agents of the company west of Pittsburg. The meeting will be held at the rooms of the railroad department of the Y. M. C. A.

Nines from the machine and blacksmith departments of the Pittsburg shops will play a game of base ball to-morrow afternoon, commencing at 3:30 o'clock. Foremen Judy and Fitzpatrick are betting wildly on their men and the game promises to be a very interesting one. The boys are trying to get L. R. Buckwalter to umpire it.

A special train went east via the Wabash yesterday, with the following Wabash officials: General Superintendent K. H. Wade, Assistant Superintendent G. W. Stevens, General Freight Agent S. B. Knight, and Superintendent of Car Service C. B. Adams. They made an inspection of the company's property here and at Toledo.

This item on Joe Dwenger, the popular machinist at the Pittsburg shops, is told us by a young lady, and we give it. Joe was seen the other evening in a wholesale millinery store selecting for his best girl, who resides in the suburbs, something very fine in that line. It is whispered very softly that before long Joe will be a charming benedict.

B. J. Armack has resigned his position as superintendent of the pumping department along the line of the Nickel Plate and has gone to Davenport, Iowa, to accept the position of general manager of the Hawkeye Electric Manufacturing company. Mr. Armack is a pleasant gentleman, a first-class machinist and his many friends will be glad to hear of his advancement.

The Pennsylvania company is placing double signals to protect every railway crossing along its various lines. The first or "slow" signal stands 2,000 feet from the crossing, and the next, or "stop" signal, is 300 feet, and no engine is allowed to pass the second post until the target at the crossing is thrown. These posts will be protected by lights at night.

Frank Weller, the pleasant day operator of the Western Union telegraph company at the Pittsburg depot was at Warsaw yesterday. Frank denies the rumor, which found credence among many of his friends, that he had gone there to see his best girl. Frank's girl lives in Fort Wayne and in justice to him we will say that his visit to Warsaw was a purely business one.

The popular blood purifier, Hood's Sarsaparilla, is having a tremendous sale this season. Nearly everybody takes it. Try it yourself.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

YOUNG AGAIN.

Pain and sickness bring on old age with wonderful rapidity. Weary steps and faded cheeks often come when enjoyment of life should be at its height. Loose's Extract of Red Clover Blossoms will make one feel young again, and on account of its intrinsic value it is having an immense sale. For sale by Dreier Bros.

Lord Delaware is the latest of the English peers to celebrate his coming of age. He gave a house party of forty, three public balls, a laborer's dinner and a garden party to celebrate the important event.

100 Ladies Wanted,
And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Lord Lonsdale has shipped the pack of Esquimaux dogs which bore his sled in his recent Arctic trip to London, where he expects to exhibit them to his English friends.

A Business-Like Offer.
For many years the manufacturers of Dr. Sage's Catarrh Remedy have offered in good faith, $500 for a case of Nasal Catarrh which they cannot cure. The Remedy is sold by druggists at only 50 cents. The wonderful remedy has fairly attained a world wide reputation. If you have dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; if the eyes are weak, watery and inflamed; if there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectorations of offensive matter, together with scabs from ulcers; the voice being changed and has a nasal twang; the breath offensive; smell and taste impaired; sensation of dizziness, with mental depression, a hacking cough and general debility, you are suffering from nasal catarrh. The more complicated your disease, the greater the number and diversities of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated by physicians.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Loesch and F. D. Hoham.

Catarrh Cured.
A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O13deod4m-weow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Rome City for 1889—Excursion Season.
An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made the appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

TAR-OID
NATURE HAS NO BETTER REMEDY
Than this New Compound of Tar for
Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and
Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by impure blood, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.
TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

THE CRONIN MURDER.

The Police at Work on the Mysterious Affair—The Funeral Will Occur Sunday.

CHICAGO, May 24.—It was discovered yesterday that a cottage near the residence of Patrick Sullivan, the ice man, was rented a little less than two months ago by unknown parties, who paid one month's rent in advance, but never, so far as known, took possession of the premises. This information was given to the police by Mrs. Sullivan, and the facts corroborated by the neighbors.

A reporter visited the owners of the cottage, a Mr. and Mrs. Carlson, two aged Swedes, but they refused to talk about it, saying they would tell their story to the police.

A young woman living at Mr. Sullivan's said that about three weeks ago one Sunday night she saw a light in the house, but as far as she know no one has been seen there since. It is said that the parties who rented the place were two young men, evidently Irish workingmen, and that they said they were going to work for Mr. Sullivan. It is not improbable that the cottage was hired by the assassins of Dr. Cronin, and he was decoyed to it, murdered there and then the body taken away in the trunk.

WORKING ON THE CASE.

It has been learned that the two men that rented Carlson's cottage came there a few nights afterward and put down some carpets, but were never seen again about the place.

A son of the owners of the place is said to have admitted that he saw some blood stains in the house. A reporter to-day attempted to interview young Carlson. He had evidently been instructed to keep his mouth shut, but, after a good deal of beating about the bush, he practically admitted the facts as stated above.

The house is closely guarded and is only accessible to the police. The police believe that if they can get hold of the two young Irishmen who rented the house and then never tenanted, they will have made a long step toward solving the mystery.

While the catch basin, in which the body of Dr. Cronin was discovered, was being dragged by two reporters for the *Inter-Ocean*, yesterday afternoon, among other things found was the end of a finger, with the nail and a long piece of white skin attached. The nail is tapering, and well kept, and has the appearance of having come from the hand of a woman. The undertaker says it is not a finger nail from Dr. Cronin's hand.

The possibility that the English government, through its secret agents, may have had something to do with the Cronin mystery is not being lost sight of. Irish Americans, generally, with this thought in view, have been closely watching developments.

THE FUNERAL.

The friends of the murdered physician are busy preparing for the funeral, which will take place Sunday from the Cathedral of the Holy Name, State and Superior streets. The funeral promises to be an immense one, as all the numerous societies to which the doctor belonged, will probably participate.

WAS CRONIN AT TORONTO.

TORONTO, May 24.—Charley Long, the young man who claimed to have seen and interviewed Dr. Cronin in this city, was asked last night what he thought of the matter since the finding of the doctor's body. He still maintains the correctness of his story and says that when the time comes he will go to Chicago and vindicate his position. He claims to have had a three years' intimacy with Cronin and to have conversed with him. His theory is that after his visit to Toronto Cronin returned to Chicago and was murdered.

Ancient Mounds.

WATERLOO, Ia., May 24.—Professor Webster, of Charles City, who investigated the ancient mounds near that place a few weeks ago, has just finished opening five mounds near Bradford, in Chickasaw county. He found in them thirteen fairly well preserved skeletons. The skulls of all of them showed the same characteristics of low development that were shown by the skeletons found near Floyd. From his investigations Professor Webster is of the opinion that there was quite a population in the Upper Cedar valley in prehistoric times.

A Blighting Frost.

FINDLAY, Ohio, May 24.—A blighting frost prevails in this part of the state and is doing a great deal of damage to field and garden crops and severely injuring the fruit. Ice from a quarter to a half inch in thickness formed in water pools and it is feared that the growing corn and wheat cannot recover.

THE PRESBYTERIAN ASSEMBLY.

The Southern Assembly Favors Co-operation.

NEW YORK, May 24.—At the opening of the assembly the moderator announced an important telegram. It was from the southern assembly concerning the passage of the co-operation report by a vote of 99 to 27.

The discussion upon the report which was under consideration when the assembly adjourned yesterday, was then continued. The majority report of the committee was finally adopted. The report of the standing committee on church erection was then presented and accepted. The estimates for the coming year are $150,000.

LEFT THE COUNTRY,

And Over One Hundred Depositors Are Clamoring for their Money.

NEW YORK, May 25.—Over one hundred Hungarians and Poles who had deposited their savings for years with banker Max Goldburger, who, it is alleged disappeared from his office at 163 Ridge street, two weeks ago, with some $20,000 of their money, crowded round the door of the bank this morning, clamoring for admittance. The doors were bolted from the inside, and no admittance could be gained. It is believed that Goldburger has either fled to Canada or Hungary.

A HORRIBLE FIND.

ITHACA, N. Y., May 24.—This morning, while the oarsman, Charles E. Courtney, was coaching the Cornell university eight, he discovered a human body fast in the mud at the bottom of Cayuga lake. The body was recovered and proved to be the remains of Willie Letts, aged nine, who has been missing since Wednesday. This is the third body recovered by Courtney.

NEW YORK, May 24.—The Tidewater Oil company's plant at Constable Hook, N. B., with the greater part of its contents, was burned last night, entailing a loss of between $80,000 and $85,000. The fire is said to have been caused by an electric spark from a dynamo in the pump house.

NORTH ADAMS, Mass., May 24.—The elegant residence of Col. John Brocwell, of Wall street, was damaged $15,000 by fire yesterday. The loss is fully covered by insurance.

IN BLACK AND WHITE.

The Mayor Puts His Orders to the Police Officers—Gambling and Other Vices Condemned.

Mayor Harding has issued written orders to Chief of Police Diehl and to Marshal Franke, instructing them as to his wishes.

He reiterates his position on the liquor laws, orders all forms of gambling suppressed, and inveighs against prostitution. He empowers the officers to invade places of vice without delay or ceremony, while street walkers and people who harbor them and permit them to resort public places are classed as severe offenders.

The mayor appends his signature to the documents and says that he will personally see to it that his pronunciamento is enforced to the letter.

"I was down street last night," said the mayor, "and everything was orderly. The people have come to understand that they must observe the law and are doing it cheerfully."

The police officers yesterday warned the gamblers to close the gaming houses and it is said that they all complied with the request, some of them, in fact, have been closed since the new mayor went into office.

Heretofore gamblers have been fined and permitted to go on payment of $20 or so. The law says they must be imprisoned as well as fined, and the new mayor will give offenders the full benefit. He also announces that he will destroy and burn all gambling paraphernalia when arrests are made, and under such circumstances the business would hardly pay.

The sporting fraternity are preparing to seek pastures new, and several have already kissed this favored sod a sad farewell.

Judge O'Rourke to-day divorced Lois M. Pryor from Clifford Pryor.

Russell, the unionist, who persuaded Mr. Oliphert to arbitrate in regard to the rental disputes, may thank himself for the havoc he has wrought.

MADRID, May 24.—The appearance of Minister Martos in the chamber of deputies last evening, caused an uproarous scene, the liberals cheering and the ministerialists expressing disapproval, on account of his action on Wednesday in voting against the bill to increase the duties on foreign cereals. PROSECUTOR ROBINSON.

He Submits His Position and Opinion on the Sabbath Laws and Privileges.

The question of Sabbath observance and Sabbath laws is now uppermost in the minds of the people.

In this interview Mr. J. M. Robinson, the states attorney, gives his version of the points at issue and outlines the necessities of life.

He says:

The law in reference to Sabbath desecration contains some exceptions, works of charity and necessity are included. By necessity is not meant an absolute or physical necessity, but a moral fitness or propriety. In my judgment a milkman may lawfully deliver milk to those who must have it on Sunday. He could not peddle it on the street all day probably, but could deliver to customers who as a necessity must have it. An iceman has the same right as a milkman and is subject to the same restrictions. There cannot be an indiscriminate delivery to every one but may be to regular customers and others who must of necessity have it. A delivery of ice to be used in making ice cream on Sunday would, I believe, be a violation of the law. A sale of fresh meat by a butcher to one who has not the means of preserving the same from Saturday, I think, would not be an infringement of the law. But the necessity, defined as a moral fitness of things, must exist. A shop kept open for a general sale of all meats to all persons would come within the rule of Sabbath breaking. Also if the shop is kept open longer than a time reasonably sufficient to accommodate those who, to have fresh meat on Sunday, must purchase it then, it would be a violation. Each sale depends upon the facts and circumstances connected with and surrounding it, and the question whether it would be a violation or otherwise, would depend upon the fact whether it was morally fit and proper that the sale should be made. In winter time a sale of fresh meat could not be made on the Sabbath. If there are people who have not the means to have refrigerators and procure ice a sale to them at a reasonable hour on Sunday would be proper and not subject the seller to a penalty if it is shown that the article could not otherwise be preserved over the day. The street cars have a right to run on Sunday to carry to funerals, to church, to visit the sick and friends and the rule as to them is that they will not be held to inquire as to the purposes or destination of each one riding, making the rule almost unlimited and subjecting them to a penalty only for conveying persons for an open or palpably secular purpose. The same rule applies to the keepers of livery stables.

A Serious Runaway Accident.

Late yesterday afternoon Mr. and Mrs. Gibson, who live several miles from the city, were returning to their home on the Decatur road. The horse they were driving became frightened and ran at a fearful rate for nearly a half mile, and when near the toll gate the buggy was overturned and both occupants thrown into the road.

When picked up both Mr. and Mrs. Gibson were found to be very seriously injured. They were taken to the home of Mr. Jacob Failor, near by, and Dr. Van Buskirk summoned, who attended their injuries.

The Weather.

WASHINGTON, May 24.—Indiana—Threatening weather and rain, westerly winds, warmer Friday; cooler on Saturday.

AN OKLAHOMA RIOT!

Serious Trouble at Guthrie over Disputed Land Titles and the Military is Called on to Quell the Disturbance.

GUTHRIE, L. T., May 24.—The difficulty arising from the settlement of claims in this city culminated yesterday in a serious riot. There are altogether over 1,000 disputed claims. Yesterday the city government decided to make a test of the case of the dispute of two claimants to a piece of land. The names of the claimants are, respectively, Driscoll and Diemer.

The marshal proceeded to remove Diemer from the land claimed by Driscoll, but on learning of the marshal's intention, a mob of about 1,200 assembled and drove him away. The mob was about to attack the city hall when Capt. Cavanaugh, with a detachment of troops, arrived on the scene and dispersed the rioters.

The authorities then proceeded to eject Diemer. He fought like a tiger and had to be dragged from his tent to the street. The building occupied by Driscoll was then pushed forward to the place occupied by the tent. The mob attempted to tear the house to pieces but were repulsed. Last night the military guarded the streets. More trouble is anticipated when the evictions are renewed.

LOVED THE SAME GIRL.

Two Young Farmers Fight a Duel Over a Love Affair and One of Them is Killed.

BIRMINGHAM, Ala., May 24.—Near Brownsville, Madison county, yesterday, James Roundtree and George Wilson fought a duel with pistols. Wilson was killed at the second shot and Roundtree fled. The men were young farmers. They loved the same girl and agreed to settle their affair by a duel.

Howard, for swindling that company out of $6,500, which is being held before Recorder Smythe, in part general sessions, was continued to-day. Mr. Cottrill's testimony is principally a narrative of the history of the electric sugar tests and the formation of the company. The case is still on.

Theatrical Man Arrested.

NEW YORK, May 24.—Edward E. Rice, the well known theatrical manager, who was arrested yesterday for contempt of court in not paying attention to an order to appear for a referee for examination in a civil litigation, is still in Ludlow street jail. He will probably be brought before the court some time during the afternoon.

Woman Suffrage.

BOSTON, May 24.—In the house of representatives, this morning, the bill granting suffrage to women on liquor license questions was referred to the next legislature after a hot debate. Then, by a vote of 54 to 95, the house refused to reconsider this action, thus killing the matter for this year.

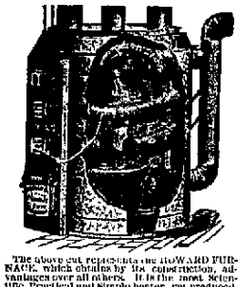
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most economic. Practical and simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby doubling distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casing as in other furnaces.

PRESIDENT HARRISON has remitted the fine and costs in the case of Sim Coy and the Indianapolis politician will issue from prison June 2.

PARNELL has a pretty tedious time of it trying to prove his innocence before a prejudiced Tory tribunal. They want a conviction or nothing.

THE Association of Indiana Funeral Directors have formed a trust to increase the price of coffins. People can spite them by postponing their funeral.

THE murder of Dr. Cronin is the sensation of the day. No pains or expense should be spared in bringing the perpetrators of the foul deed to a speedy judgment.

PRESIDENT HARRISON has arranged his working hours so that he will now be able to make appointments with greater rapidity. This was rendered necessary by the discovery of a new relative.

MAYOR SCOTT, of Laporte, Ind., has notified the saloons that they must close promptly at 11 o'clock at night and must also keep their places closed on Sunday according to the ordinance.

THE Masonic grand lodge of Indiana meets at Indianapolis next Tuesday. The members of the Masonic Veteran association will hold their annual meeting and banquet on Wednesday evening.

MR. CARNEGIE'S iron works in Pennsylvania are guarded by the police to aid the monopolist's efforts to reduce the wages of his workmen. What a beautiful tariff lesson there is in this incident.

HON. FREEMAN KELLY drove to Waterloo last Monday with a load of potatoes, and finding poor sale, he generously "unloaded them to such persons as were in need, without money and without price."

THE Presbyterian general assembly has appropriated $875,000 for home missionary work this year. They must have heard of the fellows who get angry at newspapers that simply ask for an honest enforcement of the laws.

DECORATION day is fast approaching and every effort should be made for a successful observance in this city. The day is one which should receive proper reverence not only from the G. A. R. posts but from citizens generally.

THE Ohio republicans will hold their convention at Columbus, June 26th, to place in nomination a state ticket, while the democrats will hold their convention for the same purpose at Dayton the 27th and 28th of June. The people of Indiana can look calmly on the battle.

THE cable yesterday announced that the City of Paris has broken her own record and all others, reaching Queenstown from New York in five days, twenty-three hours and eight minutes. This ocean racing will sink four or five hundred souls some day and then it will cease.

YOUNG Napoleon Ives is a free man again. He, with his partner Staynor, escaped conviction of the charge of swindling the stockholders of the Cincinnati, Hamilton and Dayton railroad company. The inquiry into the case revealed the fact that the stockholders of the railroad were not entirely innocent of shady practices themselves.

IN Wednesday's issue of THE SENTINEL a telegram from Cleveland, Ohio, was published which stated that Rev. Mrs. Ellen Runkle, of that place, was the first lady preacher ever authorized to perform the marriage ceremony. Rev. I. B. Grundy, of Indianapolis, in controverting this statement says: "In the denomination to which the writer belongs, for a quarter of a century they have had 'regularly ordained' woman ministers who have been solemnizing marriages for that length of time. There are to-day probably thirty or more ministers in the denomination who have solemnized marriages in this and many other states."

THE EAST YARDS.

The Sentinel Man Sends a Bright Budget of News From That Point.

The next national convention of the switchmen will be held in Columbus, Ohio, in September.

Tom Shea, of Haydon street, and formerly a brakeman on the main line, has gone to San Joaquin, Cal.

James Morris, the switchman, is on the sick list, and his smiling countenance is missed by the boys.

Sam Moore, who was running freight, has again been assigned the conductorship of the Portland accommodation.

The grass in the lawn surrounding the east yard office has been mowed and now presents a very genteel appearance.

Passenger Conductor Ed. Erickson and wife, have returned from Denver, Col., where Ed. was a delegate to a convention.

John Phipps, the east end conductor, in "checking up," discovered that a little eight-and-three-quarter pound cherub had been added to the family circle.

Many of the men in the yards have formed an anti-tobacco chewing alliance and now may be seen masticating sweet-scented gum as a substitute for the filthy weed.

Wm. d'Maurice, the irrepressible, still leads all the boys as a society man. The way he can engage the attention of all the young ladies is appalling to his fellow associates.

Theo. Weaver, who has been braking for Conductor Sauer, on the Plymouth local, had his hand badly mashed and one of his fingers broken while in the act of coupling cars. "It was ever thus.

James Frost succeeded Amos Bowsher as watchman at the east yards, who was appointed transfer mail agent. It has been erroneously stated that Mr. Bowsher was a resident here for only three years. He has been located here for ten years.

It would hardly seem probable to THE SENTINEL readers, although it is a fact, that a class "8" or Jack engine consumes a ton of coal in pulling a freight train up Hadley hill, just west of the city. The firemen on these engines may well be called "hardy sons of toil."

This is the forty-fifth birthday anniversary of the telegraph. The first instrument used can now be seen in an office of the Western Union in New York city. Can any one conceive the state of affairs railroads would be in but for the aid of this subtile agent, electricity?

Harry Ettle, the pleasant switch tender, says he intends to take a vacation and go on a fishing trip. The exact nature of the piscatorial expedition has not been fully defined; however, it is presumed by his friends that he expects to make a catch with a mouse of nuptial design attached to the line.

Notes for Publication.

Name: B. Checker; residence, Elm street, Dallas, Texas; occupation, barber; statement April 10th, 1889. Had ulcerated sore throat several years; could not talk loud enough or plain enough to be understood by my wife and family. In the effort to drink water or coffee it would come out of my nose. My tonsils were eaten away by the ulcer. I took a great many remedies. Potash and mercury mixtures greatly impaired my digestion. I finally abandoned all other treatment and began Swift's Specific, and a few bottles cured me sound and well—voice recovered, health made good. This was several years ago, and have no sign of any return of the disease.

TWO BOTTLES.

Two bottles of Swift's Specific cured me of a bad condition of my blood, from which I had suffered for 18 months. I had blotches and sores which were painful and troublesome. S. S. S. is much better than potash and mercury mixtures, and I recommend it above all blood remedies.

The literary societies of the Methodist college offer inviting programs to their visitors this evening.

The unexpected convalescence of the afflicted patient in the celebrated hydrophobia case, which Goldsmith so graphically describes, has never been understood. It is believed that the following revised version amply explains it:

Pond's Extract faithfully he used,
'Twas over by his side,
So the man recovered of the bite,
The dog it was that died.

The disease of the dog was, of course, a not unnatural consequence of the restoration to his pristine vigor of the gentleman attacked.

In the Sidney courts it has been decided that no Sunday newspaper can sue for advertisements, the contract being illegal.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

THE GENUINE
Johann Hoff's Malt Extract,
THE BEST NUTRITIVE TONIC
FOR
Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in thistyle. I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever. In cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn to the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,
W. W. LAMB, M. D.
Chief Drug Inspector

The "Genuine" is U. S. Port. Labiophilis. Put up in this style Beware of Imitations. Tin or Bottles only. "Genuine" has the signature of "JOHANN HOFF" and "MORITZ EISNER" on the neck of every bottle.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who try it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THE NEWS OF A DAY.

Ships, Shipmen and Gossip as Seen Through the Spectacles of Our Railroad Reporter.

Julius Koch, of the Pittsburg shops, is visiting friends at Lima, Ohio.

Will Shorey, of the Wabash baggage rooms, is an accomplished bicyclist.

The Bass foundry have employed twenty new men during the last week.

O. N. Strack, fireman on the Pittsburg road, is confined to his home with a serious illness.

The Bass works are doing some work for the Steam Shovel and Elevator works of Bucyrus, Ohio.

The Nickel Plate is taking large amounts of gravel from their South Whitley gravel pits.

The Bass works are doing considerable work in the way of castings for the Kerr Murray works.

The Freight Agents' association met yesterday afternoon, at the rooms of the Railroad Y. M. C. A.

Henry Gerdom, yardmaster at the Bass works, is being congratulated over the arrival of a handsome boy baby at his home.

Joseph Grothaus, who has been off duty on account of sickness, returned to work at the Pittsburg blacksmith shops this morning.

David L. Judy, of the Pittsburg machine shops, had his thumb mashed yesterday by a heavy elevator falling on it. He is off duty in consequence.

President J. H. Bass, of the Bass foundry and machine works, went to St. Louis last night, to look after the interests of his great works located in that city.

F. J. Greer, manager of the Fort Wayne Transfer company, who has been at Indianapolis as a delegate to the Odd Fellows' convention, returned home last evening.

The Pittsburg limited going east last night was crowded and a sleeping car was filled at this point with passengers from the Wabash, Grand Rapids roads and the city.

The Huntington *Democrat* says: "A. C. Nayler, formerly baggagemaster at the Wabash depot here, was in the city to-day. He went on to Fort Wayne, where he expects to take off his coat during the coming sultry summer days."

W. Y. Cherry, of the Pittsburg boiler shops, was injured yesterday at the works by a heavy piece of iron striking him in the lower part of the body. He was taken to his home and will be off duty for several days in consequence of it is injuries.

The Toledo *Bee* remarks: "The creditors of the Mahoning road are feeling better than at any time since the affairs of the company became complicated. The attorneys are hard at work getting the claims in shape and it is thought the matter will be closed some time to-morrow."

E. A. Ford, the general passenger and ticket agent of all the lines of the Pennsylvania railroad company, will be in the city to-morrow to meet all the passenger agents of the company west of Pittsburg. The meeting will be held at the rooms of the railroad department of the Y. M. C. A.

Nines from the machine and blacksmith departments of the Pittsburg shops will play a game of base ball to-morrow afternoon, commencing at 3:30 o'clock. Foremen Judy and Fitzpatrick are betting wildly on their men and the game promises to be a very interesting one. The boys are trying to get L. R. Buckwalter to umpire it.

A special train went east via the Wabash yesterday, with the following Wabash officials: General Superintendent K. H. Wade, Assistant Superintendent G. W. Stevens, General Freight Agent S. B. Knight, and Superintendent of Car Service C. B. Adams. They made an inspection of the company's property here and at Toledo.

This item on Joe Dwenger, the popular machinist at the Pittsburg shops, is told us by a young lady, and we give it. Joe was seen the other evening in a wholesale millinery store selecting for his best girl, who resides in the suburbs, something very fine in that line. It is whispered very softly that before long Joe will be a charming benedict.

B. J. Armack has resigned his position as superintendent of the pumping department along the line of the Nickel Plate and has gone to Davenport, Iowa, to accept the position of general manager of the Hawkeye Electric Manufacturing company. Mr. Armack is a pleasant gentleman, a first-class machinist and his many friends will be glad to hear of his advancement.

The Pennsylvania company is placing double signals to protect every railway crossing along its various lines. The first or "slow" signal stands 2,400 feet from the crossing, and the next, or "stop" signal, is 300 feet, and no engine is allowed to pass the second post until the target at the crossing is thrown. These posts will be protected by lights at night.

Frank Weller, the pleasant day operator of the Western Union telegraph company at the Pittsburg depot was at Warsaw yesterday. Frank denies the rumor, which found credence among many of his friends, that he had gone there to see his best girl. Frank's girl lives in Fort Wayne and in justice to him we will say that his visit to Warsaw was a purely business one.

The popular blood purifier, Hood's Sarsaparilla, is having tremendous sale this season. Nearly everybody takes it. Try it yourself.

YOUNG AGAIN.

Pain and sickness bring on old age with wonderful rapidity. Weary steps and faded cheeks often come when enjoyment of life should be at its height. Loose's Extract of Red Clover Blossoms will make one feel young again, and on account of its intrinsic value it is having an immense sale. For sale by Dreier Bros.

Lord Delaware is the latest of the English peers to celebrate his coming of age. He gave a house party of forty, three public balls, a laborer's dinner and a garden party to celebrate the important event.

100 Ladies Wanted,

And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Lord Londsdale has shipped the pack of Esquimaux dogs which bore his sled in his recent Arctic trip to London, where he expects to exhibit them to his English friends.

A Business-Like Offer.

For many years the manufacturers of Dr. Sage's Catarrh Remedy have offered in good faith, $500 for a case of Nasal Catarrh which they cannot cure. The Remedy is sold by druggists at only 50 cents. The wonderful remedy has fairly attained a world wide reputation. If you have dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; if the eyes are weak, watery and inflamed; if there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectorations of offensive matter, together with scabs from ulcers; the voice being changed and has a nasal twang; the breath offensive; smell and taste impaired; sensation of dizziness, with mental depression, a hacking cough and general debility, you are suffering from nasal catarrh. The more complicated your disease, the greater the number and diversities of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated by physicians.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Loesch and F. D. Hoham.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O13d4od4m-weow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

Home City for Rent—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new climber boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large, nicely wooded banks surround it, clean gravel or sand shores; no black muck or will grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It had a settlement Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, S. S. S., from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I now consider S. S. S. cured me.
